ENGAGE, EXCITE!

CONNECT WITH HEALTH CARE PROFESSIONALS

Take advantage of this unique opportunity to reach a diverse audience under one roof. AMCP's Exchange attracts pharmacy professionals from health plans, PBMs, accountable care organizations, integrated health networks, and federal and state programs specializing in:

- clinical pharmacy services
- pharmacy benefit management
- medical informatics
- government relations
- formulary management
- disease management medication therapy management
- specialty pharmacy
- Biosimilars health and utilization management

AMCP attendees don't just manage one patient's care – they manage millions.

Exhibiting at the AMCP Nexus extends your company's reach beyond meeting attendees to the organizations where they work – and the colleagues, clients, customers and vendors they work with everyday.

The Exchange provides a more informal, personal atmosphere for exhibitors to not only present new, cutting-edge products and services, but to also share new ways for managed care pharmacists to improve patient outcomes, expand their role in the caregiving team and learn new strategies for making effective and quality-driven pharmacy management decisions.

AMCP celebrates 32 years as the national professional association of pharmacists and other health care practitioners who serve society by the application of sound medication management principles and strategies to improve health care for all. The Academy's 8,000 members develop and provide a diversified range of clinical, educational and business management services and strategies on behalf of the more than 270 million Americans covered by a managed care pharmacy benefit.

AMCP Nexus is still the only event that brings together all the voices and visions of managed care pharmacy, health care, and breakthrough drug therapies. While we're expanding our focus on specialty pharmacy, we will continue to bring attendees up to date on legislation and regulation, research, formulary management and other concerns of our profession. **You can't afford to miss AMCP Nexus 2019!**
